Dear Conferee:

On behalf of the Commission, I take this opportunity to express my deep appreciation of your participation in "A Conference on the Future of the Islands, Waters, and Shorelines of Boston Harbor" on June 24th and 25th.

It is men of your expertise, time and talents that will assist in counting and environmental and economic.

BIND

I personally find this an unqualified success. It has established, at least for Massachusetts, a precedent to be followed by other legislative commissions when deliberating problems of equal complexity and magnitude. Your active participation accounted for its success.

It will take months of follow-up and study before we can recommend a course of action to the Massachusetts Legislature, and I hope that the adjournment of the conference does not mark an end to the dialogue which you helped to generate and nurture.

I am aware that the workshop's two-hour time constraint was not conducive to in-depth discussion and analysis. I would, therefore, be most appreciative if you would communicate any insights or recommendations that you wish to share with the Commission.

Again, I am most grateful for your participation.

Thank you,

John Joseph Moakley
Chairman
Special Legislative Commission
On The Boston Harbor Islands

Harbor Islands
